Structural Development, GP, a Tennessee general partnership (herein "Developer"), hereby declaring that it is the lawful owner in fee simple of all Lots of HAMILTON ON HUNTER SUBDIVISION, UNIT ELEVEN (11), as shown by plat of record in Plat Book 67, Page 86, in the Register's Office of Hamilton County, Tennessee, desiring to promote the development thereof as a residential subdivision, and for the protection of it, its successors in trust or assigns, and the protection of future owners of any one or more of said lots, does hereby impose upon all of said lots, the following Restrictive Covenants, which shall run with the land, to-wit;

1. That said lots shall be devoted exclusively to residential uses, and that no building shall be erected or maintained in the subdivision other than single-family residences, without any out-buildings, (and with the express provisions that all residences shall have at least single car garages or carports, either attached thereto or integrated in or beneath a residence), other than private swimming pools, outdoor cooking places, etc., which are permissible.
2. That no part of any lot shall be used for residential purposes, until first a completed dwelling house, conforming fully to the provisions of this instrument shall have been erected thereon, the intent of this Paragraph "2" being to prevent the use thereon, of a garage, incomplete structure, trailer, tent or other structure as living quarters before or after the erection of a permanent dwelling. A trailer shall not, under any circumstances be considered as a permanent dwelling, and no trailer type of residence shall at any time be placed or maintained on the premises.

The full basement dwelling and/or split foyer dwelling shall have at least Eleven Hundred (1100) square feet of livable floor space upstairs or on the upper level of said house or dwelling. Any split level dwelling shall have at least Eleven Hundred (1100) square feet of livable floor space on the Two (2) upper floors of said dwelling. Any tri-level dwelling shall contain at least fifteen Hundred (1500) square feet of livable floor area. The ranch style dwelling without basement shall contain at least Twelve Hundred (1200) feet of livable floor area. Any two-story dwelling must contain at least Fifteen hundred (1500) feet of livable floor space. All of the above mentioned livable areas are to be exclusive of open porches, garages, carports and basements, and the total square foot area must exceed or equal the square feet mentioned in each of the above classifications as to that particular type dwelling. All plans of dwelling and specifications must be approved by Structural Development, GP, a Tennessee general partnership; said approval must be by written instrument prior to construction of dwelling.

3 (b). That a roof pitch must be a minimum of 7/12 unless otherwise approved by Structural Development, GP., a General Partnership.

4. That no more than One (1) dwelling shall be erected on any One (1) of said lots, and any building on the premises shall be neatly painted or stained, unless of brick or stone. There shall be no exposed concrete blocks, nor shall any asbestos siding be used in construction of a residence, and stucco finish shall be permissible only on the rear elevation of a residence.

5. That no building shall be located on any one of the said residential building plots nearer to the front line of the street bounding same than twenty-five (25) feet, or nearer than ten (10) feet to any side line or alley, or nearer than twenty (20) feet to any side street line. No structures, other than swimming pool, outdoor fireplace, etc., of approximate ground level construction, shall be located on the rear twenty-five (25) feet of any lot. For the purposes of this covenant; eaves, steps, and open porches shall not be considered as a part of the building, provided, however, this shall not be construed to permit any portion of the building on the lot to encroach upon another lot. No provision of this paragraph shall be construed to permit any structure to be constructed and erected upon any lot that does not conform to the zoning laws and regulations applicable thereto.

6. That no lot shall be re-subdivided without the written permission of Structural Development, GP, a Tennessee general partnership, who reserves unto itself the right to re-subdivide any or all lots so long as it meets subdivision regulations of Hamilton County. In either event, the Restrictive Covenants contained in Paragraph "5" above, shall apply to only the outside boundary line of any building lot formed by such re-platting, or by the combination of two or more lots, or parts of lots. No part of lots may be used as access to any other property outside of this subdivision without written consent of Structural Development, GP, a Tennessee General Partnership, and consent must be recorded in the Register's Office of Hamilton County, Tennessee. No easement for sewer, gas, water, telephone, electric power, or cable television may be granted without the approval of Structural Development, GP, a Tennessee General Partnership.

7. That no fowls, horses, mules, cattle, sheep or other like animals shall be kept or allowed to remain upon said premises, neither shall any sheep, goats, swine or any such animals belonging to the owners or occupants thereof be allowed to roam or run at large on the streets or alleys bounding said premises. No animal kennels of any typed will be allowed.

8. That before any dwelling on said premises shall be occupied, sewer connection approved by the constituted public authorities for sewage disposal shall be installed, all sewage from the premises shall be turned into such line and the same shall be continuously maintained in proper state of sanitation; provided, that upon any approved system of sewers being installed for the use of the community on which said premises are located and upon proper connection of said premises therewith, said septic tank may be abandoned.

9. That for the purpose of property improvement, as long as it retains record ownership in any lots in the subdivision, Structural Development, GP, a Tennessee general partnership reserves the right to grant waivers from these Restrictive Covenants. Said waiver must be in writing and recorded in the Register's Office of Hamilton County, Tennessee. Any waiver executed by it would be conclusive proof that the waiver would not materially effect the purpose sought thereby, by the Developer. Other owners of lots in the subdivision shall not be entitled to bring suit to enforce the compliance of the original restrictions, where a waiver has been given by the Developer unless it is a violation of the restrictions as waived or modified. Nor is the owner entitled to damages from the Developer for any waiver granted by it.

10. No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood. In particular, tractor trucks, mobile homes, inoperative or abandoned automobiles, and/or camping trailers shall not be frequently or habitually parked on a driveway located on any lot within the subdivision. Nor shall the owner of any lot in said subdivision park a tractor trailer truck, mobile home, inoperative or abandoned automobiles, and/or camping trailers in the street or driveways therein, or carry on any major repairs to said automobiles in driveway or streets in subdivision.

11. That no fences shall be erected or maintained in front of the front line of the residence on a lot.

In the event that for any reason any one or more of the foregoing protective covenants and restrictions be construed by judgments or decree of any court or record to be invalid, such action shall in no way effect the other provisions, which shall remain in full force and effect, the Developer is hereby declaring that said restrictions are not interdependent but severable, and any one would have been adopted even with the others.

Each and every one of the aforesaid covenants, conditions and reservations shall attached to and run with each and every one of the said lots of land and all titles to, and estates therein, shall be subject thereto the conditions in Paragraph "9" herein, and the same shall be binding upon each and every owner and occupant of the same for a period of thirty (30) years from the date thereof. It shall be lawful for Structural Development, GP, a Tennessee general partnership or other person or persons owning a lot or lots in said development or subdivision to prosecute any proceedings at law or in equity against the person or persons violating or attempting to violate any such covenants or conditions and/or as modified by Structural Development, GP, a Tennessee general partnership and either to prevent them from so doing or to recover damages or other dues for such violation, and court costs and reasonable attorney's fees shall constitute liquidated damages.

These Restrictive Covenants are applicable solely to the lots herein specified and set forth, and not to any other property in the area thereof.
